

The Ten Prophetic Signs Of The Terminal Generation

1. The Rebirth of Israel.

Every major prophet in the Old Testament testified that God would bring the Jewish people out of their Gentile graves, (Gentile nations) and bring them back to Israel before the coming of the Lord. [Jer. 23:3,8; Ez. 34:13, 36:24](#)

2. The Jews Return to Israel.

Tens of thousands of Jews have moved from Russia alone and tens of thousands more have moved to Israel from all around the globe. We have witnessed this on TV and newsprint for 70 years. I remember my dad and grandparents talking about this when I was young. You still will see a report every now and again. Last time I remember see something on this was 2017. [Jer. 23:7,8](#)

3. Jerusalem No Longer Under Gentile Rule.

The Jewish people did not control Jerusalem from 70 A.D. when the Romans attacked the city and destroyed the temple until the six-day war of 1967. [Luke 21:24, Ps. 102:16](#)

4. A Knowledge Explosion.

According to [Daniel 12:4](#) there will be a knowledge explosion in the final generation. 100 years ago, vehicles were available but most of transportation was done on horse and buggy. Electricity had made its debut but most still lit their homes with gas, oil, and candles. What we have today happened in the last 100 years; I believe we can call this a knowledge explosion.

5. Great Deception.

Jesus warned more than once that the deception would be so bad that even the elect could be deceived. To day they can take a computer program run an algorithm that can scan a picture and reproduce your image in real time over top video. They can do the same thing with voice. It is not completely there yet but just months away. You can put anyone doing anything anywhere saying anything you want. Flat out scary stuff. [Matt. 24:4,5,24](#)

6. Instant International Communication.

Rev. 11:3,7-10 John describes two witnesses who will be executed, and their dead bodies would be seen 3 ½ days lying in the streets of Jerusalem by peoples, tribes, tongues, and nations. No one knew how this could happen until the 1960's when we went to the moon and we began putting satellites in orbit.

7. The Mystery Plague.

A vision came to Zechariah and he did not know how to describe the events taking place, so he called it a plague. **Zech. 14:12-15** What plague could consume the flesh and dissolve eyes and tongue while the person was still standing. This has been a mystery though out the ages but at the end of WWII we used the atomic bomb and then the plague was seen. The atomic bomb can produce over 150 million degrees in a milli second. This is how the plague Zechariah can happen.

8. Famines and Pestilences.

The world has seen plagues and famines from time to time throughout history. The Bible discusses several famines and pestilences. So, what is the difference in the final generation? The famines in the last 100 years in all areas except central and south Africa famines are a direct result of socialism or communism! As far as pestilences several over the last 200 years have been global and were considered pandemics. We have had 4 major pandemics including the current Covid-19 virus in the last 40 years. Unfortunately, I do not believe we have seen the last. **Matt. 24:7**

9. Earthquakes.

Scripture reveals God used an earthquake at least thirty-three times to get the attention of man. A couple such times were **Ex. 19:18; Matt. 27:51**. There are roughly 20,000 earthquakes a year with 15 or so with a magnitude of 7. Before the 60's they could only record the ones of 3 magnitude so of course we see a large increase in the number of earthquakes but one thing has changed before 1979 the average number of 7 magnitude earthquakes was only 6 or 7, so it has double in intensity if you will. We get one 8 every ten years or so.

10. As The Days of Noah.

Matt. 24:36,37 What characteristics marked the days of Noah? **Gen. 6:5**, every intent of the thoughts of the heart was only evil continually. Just watch the news for a half hour. Listen to your co-workers talk, it truly is evil all the time.
